<input type="button" value="Cancel"/>		<input type="button" value="Add and Return"/>		<input type="button" value="Add and refine an order"/>					

Once you are done shopping, click on the shopping cart icon to review or click Order to proceed.

When reviewing your order from the shopping cart, you have the option to Save cart – The shopping cart is saved in the personal section. The saved basket can be added again to the order. Also, you can download the order in xls format for sharing purposes.

Price lists

Next to your name is the personal data section. All personal data, orders, saved carts, favorites and price lists are found.

Price lists

Procedure:

- to download the price list to your local computer: select and open the appropriate product category of the price list;
- click on the download link in a format convenient for you (XLS or PDF).

To place an order from the price list:

- select and open the corresponding product category of the price list;
- opposite the name of each commodity item you are interested in, indicate the quantity of goods;
- click the "Add to Cart" button.

deactivated products

Generate a price list

Download the price list to check products and review prices. Since all items are listed, it is easier to use Quick Order with the reference numbers from the price list. You can add to cart from the price list but make sure to check quantities for all items.
